Kota Jakarta Selatan

Dear Mr. Andi Haikal ,

I contacted you regarding the Frontend Developer position post that I found on career.gojek.com. I am very interested in this position and would appreciate your consideration as a candidate for the role. I have experience as a Frontend Website & Android Developer. I'm also certified by BNSP about Junior Android & Website developer

I believe that my experience in Frontend Developer makes me a suitable candidate for this position. My main strengths that will support my success in this position include:

- I'm certified by BNSP
- I try to be a good problem solver
- I finished the project that was given to me well
- I will work hard in giving good performance to the company

For consideration I also provide additional documents include :

- Curriculum Vitae (CV)
- LINKEDIN PROFILE - https://www.linkedin.com/in/rajendra-rakha
- PROJECT PORTOFOLIO - https://github.com/ArJ-Group

I am a detail and results oriented person, which is very important for success in developing an application/website. I can also work well, both individually and in teams who in this position need to work closely with project managers and other developers. My educational background in Information Technology will also support me to work in this position in terms of understanding application basics.

I appreciate your time in reviewing this letter and look forward to hearing from you regarding the next steps in the hiring process. If you have any questions or need additional information, please don't hesitate to contact me.

Sincerely,

Rajendra Rakha Arya Prabaswara
